STALL REQUIREMENTS SHEET.

Please note that you must supply your own stall, display and tables.

Maximum width of the pitch is 3m. All stall ropes and displays must be kept within the 3m width. Depth or width of stall will not be allowed to exceed the 3m without prior permission.

Stalls, guy ropes, fixings and stakes must be used to secure all the stall canopies. All inflatable stalls must be secured to the ground by means of the correct guy ropes and fixings to prevent any movement by wind or persons on the stall.

Stalls, guy ropes, fixings and stakes must be set out so as not to be a hazard to any persons on or around that stall area at any time during the event.

Petrol cans for generators that are used for stalls must be stored in a safe and secure manner. They must not be left unattended or in direct sunlight for any duration of the stall being in operation. Fire extinguisher must also be kept on the stall. Generators used on stalls must not emit any obnoxious fumes. Please note you must have your own insurance as Witham Carnival will not be held responsible.

Any stalls that are involved in cooking or heating of any kind must always have the correct operational fire extinguisher on the stall.

Stallholders are advised they must have current Public Liability Insurance cover for their stall area. A copy of this should be with you on the day for checking, if required.

In the interest of public safety, a risk assessment for each stall must be undertaken.

Please ensure that you do not leave your stall unattended. Witham Carnival Association will not be responsible for your stall or items on your stall.

Please note that all vehicles must be removed from Maldon Road Recreational Park by 12 noon, and can be moved to AEGON, Mayland Road. Please be aware there is a 5-minute walk back from AEGON's car park. After the event when leaving the car park, use the back exit.

Please ensure your rubbish is placed in the large rubbish bins on site.

Just as important have a great and enjoyable day.
